Dear Mr. Speker,

I have reviewed your August 15, 1984, letter to Applicants' counsel, Mr. Mark Davidson. In that letter, you mention that NRC Staff ("Staff") counsel Mr. Greg Berry committed to providing copies of all updates of Regulatory Guide ("Reg. Guide") 1.75. (I am unsure why you wrote to Mr. Davidson about discovery against the Staff). I have reviewed the transcript of Witness F's discovery deposition, where questions were raised regarding the version of Reg. Guide 1.75 which Witness F reviewed in preparing his affidavit. Mr. Berry indicated he would "make every effort to get [all revisions of Reg. Guide 1.75] to you." Tr. 428.

In accordance with Mr. Berry's commitment, enclosed please find a copy of the original version of Reg. Guide 1.75. Deposition Exhibit Disc. F-9a is a copy of Reg. Guide 1.75, Revision 1 (January 1975). Since that particular version of the Reg. Guide is already bound into the transcript, I do not believe it is necessary to provide you with a second copy of that Reg. Guide revision. There has been only one revision to Reg. Guide 1.75 since Revision 1. A copy of Reg. Guide 1.75, Revision 2 (September 1978) is enclosed. I believe this closes out all outstanding discovery against the Staff with regard to Witness F.

Sincerely,

Geary S. Mizuno
Counsel for NRC Staff
