We point out that these are permanent records and as such should not contain significant discrepancies in information and dates. As part of your corrective action regarding the noncompliance identified, we expect you to audit your records to ascertain whether your inspection reports contain adequate information regarding the identification of the item inspected, the results of the inspection, and the date and identification of the initial reviewer.

In accordance with 10 CFR 2.790(a), a copy of this letter and the enclosure(s) will be placed in the NRC Public Document Room unless you notify this office, by telephone, within ten days of the date of this letter and submit written application to withhold information contained therein within thirty days of the date of this letter. Such application must be consistent with the requirements of 2.790(b)(1). If we do not hear from you in this regard within the specified periods noted above, a copy of this letter, the enclosure(s), and your response to this letter will be placed in the Public Document Room.
