Gentlemen:

SUBJECT: MANAGEMENT MEETING ARRANGEMENTS

This is to confirm arrangements made between Mr. J. B. Kahle of our office and Mr. D. A. Pethick of your company regarding a management meeting to be held at your request, on May 31, 1984, at 10:30 a.m. at the Region II NRC Office in Atlanta, Georgia.

The purpose of the meeting is for you to apprise us of the B&W-NNFD organization, and the responsibilities of key radiation safety and safeguards management personnel. Similarly, Region II will describe their recent organizational changes and explain the duties of the various organizational components which interface with B&W-NNFD. Also, as we understand that a discussion of the revised enforcement policy would be beneficial, this has been added to the agenda. The proposed meeting agenda is enclosed.

Should you have any questions concerning these arrangements we will be pleased to discuss them.

Sincerely,

J. Philip Stohr, Director
Division of Radiation Safety
and Safeguards
