Inspection Program Plan

Mr. Harold R. Denton, Director  
Office of Nuclear Reactor Regulation  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Docket No. STN 50-482

Dear Mr. Denton:

This letter will confirm transmittal to Mr. P.W. O'Connor, NRC Wolf Creek Project Manager, of one set of the Wolf Creek Preservice Inspection (PSI) Program Plan. This document has been updated to incorporate approved field changes and to reflect the as-built plant condition. As requested, a separate copy is being forwarded to Mr. Boyd Brown, EGG, Idaho.

A separate submittal concerning the Wolf Creek PSI Relief Request will be forwarded by separate cover within the next several days. If you have any questions regarding the submittals, please advise.

Very truly yours,

S. J. Seiken  
QA Manager
