IN RESPONSE REFER
TO FOIA-84-269

Dear Dr. Calsoyas:

This is in response to your letter dated April 7, 1984, in which you requested, pursuant to the Freedom of Information Act, positive identification of the Mother's for Peace of San Luis Obispo and the calculations performed by the Pacific Gas and Electric Company in which "a large earthquake on the Nacimiento Fault" and "an earthquake equal to the 1906 San Francisco earthquake on the San Andreas Fault" were considered.

Enclosed, please find a computer printout which consists of a list of documents pertaining to Mother's for Peace of San Luis Obispo.

Information with regard to the calculations performed by Pacific Gas and Electric Company in which a large earthquake on the Nacimiento Fault and an earthquake equal to the 1906 San Francisco earthquake on the San Andreas Fault were considered is contained in the Diablo Canyon Nuclear Power Plant Final Safety Analysis Report, Volume II, Section 2.5.2 pages 2.5.13g through 2.5.16. This report is available for public inspection and copying at the NRC Local Public Document Room listed below:

Robert E. Kennedy Library
California Polytechnic State University
San Luis Obispo, CA 93407

This completes NRC's action on your request.

Sincerely,

J. M. Felton, Director
Division of Rules and Records
Office of Administration

In the Matter of the Conspiracy to
License the Diablo Canyon Plant, to
Violate the First Amendment, to
Viciate the Principle of Affirmative
Action, etc.

Dear Sir:

You are now informed that Chinese for Affirmative Action have been unable to produce a single letter on the matters now under investigation from any source other than YING KUNG SHIH.(A) You are now informed that the Center for Law in the Public Interest, Mothers for Peace of San Luis Obispo, Pacific Legal Foundation, et al. have effectively refused to identify the Executive Committees governing their actions.(B) You are now informed that Mothers for Peace of San Luis Obispo are plainly incompetent to represent the public interest in the matter of the licensing of the Diablo Canyon Nuclear Plant.(C) I refer to my letter of August 26, 1980, to Justice K. Andreen, Governor E.G. Brown, Jr., Secretary A. Lytle et al. I would be most grateful if you would positively identify Mothers for Peace of San Luis Obispo.(D) I enclose copies of my letters to the following:

1. Professor Jasper Rose, Chancellor R. Sinsheimer (April 7, 1984)
2. Chairman J. Shad, SEC, Mr. G.R. Ford (April 7, 1984)
3. Mr. Edwin Meese III, Secretary C. Weinberger. (February 22, 1984).

I refer to my letter of October 28, 1978, to Dean Witter Reynolds, Merrill Lynch et al. I would be most grateful if you would produce the calculations supposedly performed by the Pacific Gas and Electric Company in which "a large earthquake on the Nacimiento Fault" and "an earthquake equal to the 1905 San Francisco earthquake on the San Andreas Fault" were considered.(E)

Very truly yours,

C.D. Calsoyas
