

ENCLOSURE 1

NOTICE OF VIOLATION

Public Service Company of New Hampshire
Seabrook Unit 1

Docket No. 50-443
License No. NPF-86

During an NRC inspection conducted on March 3 - April 6, 1992, a violation of NRC requirements was identified. In accordance with the "General Statement of Policy and Procedure for NRC Enforcement Actions," 10 CFR Part 2, Appendix C, the violation is listed below:

Technical Specification 6.2.2.(e) requires administrative procedures be developed and implemented to limit the working hours of station staff who perform safety-related functions, such as licensed operators. New Hampshire Yankee Station Management Manual, Chapter 2, Section 6.2, "Extended Work Hour Requirements For Safety-Related Functions," requires Station Manager's authorization documented on SSMM Form 4-4A, "Extended Work Hours Authorization," for any individual to work more than 24 hours within a 48 hour period.

Contrary to the above, since September 1991, both licensed and non-licensed operators did not receive Station Manager's documented authorization prior to working more than 24 hours within a 48 hour period as a result of modified shift rotations on weekends.

This is a Severity Level IV violation (Supplement 1).

Pursuant to the provisions of 10 CFR 2.201, Public Service Company of New Hampshire is hereby required to submit a written statement or explanation to the U.S. Nuclear Regulatory Commission, ATTN: Document Control Desk, Washington, D.C. 20555 with a copy to the Regional Administrator, Region I, and if applicable, a copy to the NRC Resident Inspector, within 30 days of the date of the letter transmitting this Notice of Violation. This reply should be clearly marked as a "Reply to a Notice of Violation" and should include for each violation: (1) the reason for the violation, or, if contested, the basis for disputing the violation, (2) the corrective steps that have been taken and the results achieved, (3) the corrective steps that will be taken to avoid further violations, and (4) the date when full compliance will be achieved. If an adequate reply is not received within the time specified in this Notice, an order may be issued to show cause why the license should not be modified, suspended, or revoked, or why such other action as may be proper should not be taken. Where good cause is shown, consideration will be given to extending the response time. Under the authority of Section 182 of the Act, 42 U.S.C. 2232, this response shall be submitted under oath or affirmation.
