Gentlemen:

SUBJECT: SUBMITTAL OF INFORMATION REGARDING ANNUAL EMERGENCY RESPONSE DRILL

As part of our routine inspection program for your facility, we typically observe your required annual radiological emergency response drill in conjunction with our annual inspection of your emergency preparedness program. To facilitate scheduling of such an inspection, and to ensure an opportunity for NRC review of your scenario in advance of the drill, we request that you henceforth provide the following information at least 30 days prior to the scheduled date of the drill:

- ° Date and time of drill
- ° Description of the scope of the drill
- ° Objectives to be fulfilled
- ° Narrative description of the scenario, including simulated data to be provided to the players

The information requested above is exempt from internal and public disclosure under 10 CFR 2.790(a)(4) until after the drill. In order to preclude such disclosure, the requested information should be sent to the Chief, Emergency Preparedness Section, at the letterhead address, marked "To Be Opened By Addressee Only." Directing your submittal in this manner will shield it from routine distribution within the NRC and transmittance to the Public Document Room prior to the drill.

We appreciate your cooperation in this matter. Should you have any questions regarding this request, please call Mr. William W. Rankin on 404-331-5618.

Sincerely,

ORIGINAL SIGNED BY
