Gentlemen:

SUBJECT: DOCKET NOS. 50-413 AND 50-414

This acknowledges the receipt of your letter of April 24, 1992, which transmitted Revision 30 to the Catawba Physical Security Plan.

Our review of the changes has found them to be consistent with the provisions of 10 CFR 50.54(p). Accordingly, they are acceptable for inclusion into the plan.

A portion of this submission requires clarification. You have placed the requirements for an access authorization program under the heading "Facility Personnel;" please clarify that this applies to licensee employees, contractors, and vendors. Also, please clarify that a review of a contractor's program will be conducted prior to granting that contractor's employees unescorted access. Also, please align your commitments in Chapter 13 in reference to screening records in accordance with Regulatory Guide 5.66. This was discussed in a teleconference on May 11, 1992, between Ms. O. Masnyk of this office and Mr. T. Byers of your staff.

The enclosure to your letter is being withheld from public disclosure because it contains Safeguards Information and must be protected in accordance with the provisions of 10 CFR Part 73.21.
