In the Matter of
PHILADELPHIA ELECTRIC COMPANY
(Limerick Generating Station, Units 1 and 2)
Docket Nos. 50-352 and 50-353 DL

Dear Administrative Judges:

In keeping with the Atomic Safety and Licensing Board's (Board) August 15, 1984 "Order Establishing Schedule For Offsite Emergency Planning Issues" to inform the Board and the participating parties immediately of any changes in the date for issuance of the formal FEMA findings," the Staff notes that the FEMA Region III office will not be forwarding its draft report to FEMA headquarters on or about September 1, 1984 as expected. The FEMA Associate General Counsel notified the parties at a meeting held in Philadelphia on August 30, 1984 that FEMA now expects the draft report will be forwarded from Region III to FEMA headquarters by mid-September. The Associate General Counsel also stated that it is not expected that this delay will affect the October 2, 1984 date for issuance of FEMA's interim findings.

Sincerely,

Nathene A. Wright
Counsel for NRC Staff
