Dear Mr. Denton:

Enclosed please find forty (40) copies of temporary procedure TP 21.001.02, "On-Shift Advisor Training, Duties and Responsibilities". This procedure describes the duties and responsibilities of the shift advisors, the working relationships between the advisors and the operating shift personnel, and the performance evaluation of the shift advisors. This represents the response to Items 2 and 8 of Enclosure 2 of Mr. Eisenhut's letter.

Enclosure 2 is the results of examinations required by Item 4 in Enclosure 2 of Mr. Eisenhut's letter. The Shift Operating Advisor training has been completed and all five candidates have satisfied the Shoreham certification requirements.

Item 6, in Enclosure 2, of Mr. Eisenhut's letter required LILCO to provide a description of the training program presented to the operating shift crews. This description is as follows:

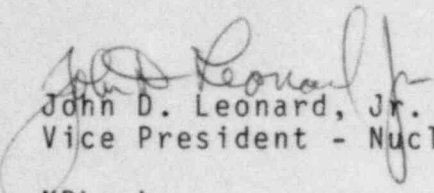

An individual student handout covering TP 21.001.02 will be written and covered with each of the operating crews as part of the requalification training program. This instruction, which will be implemented prior to fuel load, will be documented in the training files.

We trust that this submittal in conjunction with the Reference 2, 3 and 4 letters are responsive to Mr. Eisenhut's letter. If you have any questions, do not hesitate to contact this office.

Very truly yours,

John D. Leonard, Jr.
Vice President - Nuclear Operations
