MEMORANDUM FOR: Robert C. Pierson, Chief
Standardization Project Directorate
Division of Advanced Reactors
and Special Projects

FROM: William D. Beckner, Chief
Risk Applications Branch
Division of Radiation Protection
and Emergency Preparedness

SUBJECT: FAX TO GE THAT CLARIFIES THE NRC REQUEST AND GE COMMITMENT
TO PROVIDE A WRITE-UP TO THE STAFF ON ABWR PRA DESIGN
INSIGHTS

I have enclosed a fax sent to Jack Duncan, GE, that restated discussions held and agreements made between the staff and GE in San Jose in March on the content of GE's ABWR PRA Design Insights write-up submittal. The fax also included an outline of Part A of the staff's FSER on the ABWR PRA. Part A deals with PRA-based design insights.

William D. Beckner

William D. Beckner, Chief
Risk Applications Branch
Division of Radiation Protection
and Emergency Preparedness
