

SEP 06 1984

MEMORANDUM FOR: R. C. Lewis, Director
Division of Reactor Projects
Region II

FROM: Gary G. Zech, Chief
Vendor Program Branch
Division of Quality Assurance, Safeguards,
and Inspection Programs
Office of Inspection and Enforcement

SUBJECT: INCORRECT SHIELDING TAPE USED ON CABLE MANUFACTURED BY
AMERICAN INSULATED WIRE COMPANY AND FURNISHED FOR USE
AT SHEARON HARRIS UNIT 1 (VITS 83-295)

The above item is closed without action, based on Carolina Power and Light Company's (CP&L) final report, dated December 9, 1983, to J. P. O'Reilly, which indicates that the November 14, 1983 potentially reportable subject item has been evaluated by CP&L and is considered to be not reportable in accordance with 10 CFR 50.55(e) and 10 CFR Part 21.

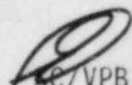

If you should have any questions concerning this matter, please contact Mr. R. E. Oiler (FTS 492-0634).
