SUBJECT: OPERATIONAL QUALITY ASSURANCE MANUAL, REVISION 14

We have reviewed Revision 14 of your Operational Quality Assurance Manual submitted to us by your Letter GNRO-95/00134 dated December 18, 1995. This revision incorporates administrative changes reflecting primarily organizational and title changes. You have concluded that this revision does not reduce the commitments previously accepted by the NRC.

Our review has confirmed that the revision does not reduce your commitments and concluded that the Operational Quality Assurance Manual continues to meet the requirements of 10 CFR 50, Appendix B; therefore, Operational Quality Assurance Manual, Revision 14, is acceptable.

Any questions you may have concerning this review should be directed to Mr. C. A. VanDenburgh of my staff at (817) 860-8161.

Sincerely,

  
Thomas P. Gwynn, Director  
Division of Reactor Safety
