ATTENTION: MR. T. R. QUAY

SUBJECT: AP600 FULL HEIGHT, FULL PRESSURE INTEGRAL SYSTEMS TEST: SPES-2
TEST ANALYSIS REPORT REVISION 1 - CHANGE PAGE

REFERENCE: Westinghouse Letter NTD-NRC-95-4601, "AP600 Full Height, Full Pressure
Integral Systems Test: SPES-2 Test Analysis Report, Revision 1" December 11,
1995

Dear Mr. Quay:

The reference transmittal provided revision 1 of the AP600 SPES-2 Test Analysis Report. This revision package included a revision to pages 1-3 and 1-4. As a consequence of a pagination problem, these pages did not include all necessary text. A copy of the corrected pages is attached to this letter. Please replace the existing pages 1-3 and 1-4 with the attached corrected pages.

Please contact John C. Butler (412-374-5268) if you have any questions concerning this submittal.

Brian A. McIntyre, Manager
Advanced Plant Safety and Licensing
