BOR/LBOR

From : Records Management
Ext. 4074, MS-52

Letter # : HF:92:0562

Date : May 12, 1992

Subject : Controlled Distribution of Revisions to the Operational Safety
Requirements/Technical Requirements, Volume VI

To : Distribution

cc: Original, MS-50B

Attached are the following revisions to the Operational Safety
Requirements/Technical Requirements, Volume VI, which has been assigned
to you under controlled distribution:

- Latest Index
- OSR-IRTS-10, Rev. 1 - "Criticality Control During Processing of
High Level Waste through Ion Exchange
Columns Containing Ti-Treated Zeolite" -
CANCELLED

Destroy or mark superseded the current Index, and OSR-IRTS-10, Rev. 0,
and place the attached revisions in your controlled manual accordingly.

Copies made from a controlled document are to be marked UNCONTROLLED
before distribution.

To acknowledge receipt of these documents, sign, date, and return the
attached controlled distribution receipt acknowledgement to the
undersigned by May 27, 1992.

For your convenience, a self-addressed, stamped envelope (off-site
recipients only) has been provided. For on-site recipients, a return
address has been placed on the reverse side of the controlled
distribution receipt acknowledgement; fold and place in the mail.
