Gentlemen:

We have completed our review of the following radiological response plan (RERP) amendments which you submitted to this office by letter dated July 25, 1984, for the Fort St. Vrain Nuclear Generating Station:

- RERP Section 1, Issue 4, "Definitions"
- RERP Section 3, Issue 4, "Summary of the Radiological Emergency Response Plan"
- RERP Section 9, Issue 4, "Recovery"
- RERP Section 10.D, Issue 6, "Titles of Written Procedures that Implement or Supplement the Plan"
- RERP Section 10.A, Issue 7, "Agreement Letters and Summary of Referenced Interfacing Emergency Plans"

In accordance with 10 CFR 50.54(q), the changes reviewed do not appear to decrease the effectiveness of the Fort St. Vrain RERP.

Sincerely,

Original Signed By
