Gentlemen:

This refers to the inspection conducted under the Resident Inspection Program by Mr. D. D. Chamberlain of this office during the period June 1, 1984, through July 31, 1984, of activities authorized by NRC Construction Permit CPPR-145, for River Bend Unit 1, and to the discussion of our findings with Mr. J. C. Deddens, and other members of your staff.

Areas examined during the inspection included site tours; review of training/qualification requirements for Gulf States Utilities (GSU) engineering personnel; review of system punch list activities; IE Bulletin followup; and status of preoperational test program. Within these areas, the inspection consisted of selective examination of procedures and representative records, interviews with personnel, and observations by the inspector. The inspection findings are documented in the enclosed inspection report.

During this inspection, it was found that certain of your activities were in violation of NRC requirements. Consequently, you are required to respond to this violation, in writing, in accordance with the provisions of Section 2.201 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations. Your response should be based on the specifics contained in the Notice of Violation enclosed with this letter.

In accordance with 10 CFR 2.790(a), a copy of this letter and the enclosures will be placed in the NRC Public Document Room unless you notify this office, by telephone, within 10 days of the date of this letter, and submit written application to withhold information contained therein within 30 days of the date of this letter. Such application must be consistent with the requirements of 2.790(b)(1).
