Dear Mr. Carus:

SUBJECT: Construction Appraisal Team Inspection 50-382/84-07,
May 14, 1984

Thank you for your letter of June 22, 1984 clarifying the contractual relationships at the Waterford Steam Electric Station Unit No. 3. The Nuclear Regulatory Commission is now aware that the shop fabricator, Peden Steel Company, was under contract with Louisiana Power and Light and its agent, Ebasco Services, and had no contractual obligation with your company.

This letter is being given the same distribution as the original inspection report and will be publicly available along with the report through our Public Document Room.

We regret any inconvenience this misunderstanding may have caused you or your company.

Sincerely,

Richard C. DeYoung, Director
Office of Inspection and Enforcement
