Docket # 50-352
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Sir:

The July 25th 1984 "Emergency Evacuation Drill" was a joke! I don't know anyone in my area (within the 10 mile radius of the Limerick Nuclear Facility) who even heard any "warning." I even know there are no ambulances, Buses, emergency people or vehicles available during an actual emergency, plus the "plume" hasn't told God it will stop at 10 miles from the facility!

Yours Truly,
Betty Ruth Titone & S. C. Titone
