Docket No. 50-443

Mr. Ted C. Feigenbaum  
President and Chief Executive Officer  
New Hampshire Yankee Division  
Public Service Company of New Hampshire  
Post Office Box 300  
Seabrook, New Hampshire 03874

Dear Mr. Feigenbaum:

SUBJECT: NRC BULLETIN 88-01, "DEFECTS IN WESTINGHOUSE CIRCUIT BREAKERS"  
(TAC NO. M67721)

The purpose of this letter is to document our closure of the subject issue.

On February 5, 1988, NRC Bulletin 88-01 was issued and requested holders of operating licenses or construction permits to provide letters of confirmation to the NRC of the completion of specified inspections on Westinghouse DS series circuit breakers. Addresses who do not have DS series circuit breakers in Class IE service were requested to provide a letter to the NRC stating this fact.

Your response dated March 30, 1988, confirmed that you have performed the requested inspections on all relevant circuit breakers and that corrective actions, when needed, have been or will be completed in accordance with the NRC Bulletin. NRC Inspection Report 50-443/88-06, dated June 16, 1988, documented your satisfactory implementation of corrective actions. Your response to Bulletin 88-01 is satisfactory, and no further reply is necessary. By this letter I am closing TAC No. M67721

Sincerely,

Original signed by  
Gordon E. Edison, Senior Project Manager  
Project Directorate I-3  
Division of Reactor Projects - I/II  
Office of Nuclear Reactor Regulation
