 License No. DPR-29; DPR-30

Commonwealth Edison Company  
 ATTN: Mr. Cordell Reed  
 Senior Vice President  
 Opus West III  
 1400 Opus Place  
 Downers Grove, IL 60515

Dear Mr. Reed:

This refers to the inspection conducted by Messrs. T. Taylor, J. Shine, and P. Prescott of this office from March 31, 1992, through May 4, 1992. This inspection included a review of authorized activities for your Quad Cities Nuclear Power Station facility. At the conclusion of the inspection, the findings were discussed with those members of your staff identified in the enclosed report.

Areas examined during the inspection are identified in the report. Within these areas, the inspection consisted of a selective examination of procedures and representative records, observations, and interviews with personnel.

Based on the results of this inspection, certain of your activities appeared to be in violation of NRC requirements as specified in the enclosed Notice of Violation (Notice). You are required to respond to this letter and should follow the instructions specified in the enclosed Notice when preparing your response. In your response you should document the specific actions taken and any additional actions you plan to prevent recurrence. After reviewing your response to this Notice, including your corrective actions and the results of future inspections, the NRC will determine whether further NRC enforcement action is necessary to ensure compliance with NRC regulatory requirements.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter, the enclosures and your response to this letter, will be placed in the NRC Public Document Room.

The responses directed by this letter and the accompanying Notice are not subject to the clearance procedures of the Office of Management and Budget as required by the Paperwork Reduction Act of 1980, PL 96-511.
