APPLICANT'S CONSENTED MOTION FOR RECEIPT
INTO EVIDENCE OF DOCUMENTARY MATERIAL

In a conference call with the parties on August 16, 1976, the Atomic Safety and Licensing Board ("Board") requested that the parties forward to the Board the letters referred to and relied upon in the Staff's evidence on the financial qualifications issue (Staff Exhibit 12, Petersen Affidavit, at pp. 4-5). Accordingly, the Washington Public Power Supply System ("Applicant") hereby moves that the Board receive into evidence the following letters:

1. Applicant's Exhibit 45 - letter to Commission from Applicant dated July 19, 1976; and
2. Applicant's Exhibit 46 - letter to Commission from Applicant dated July 23, 1976.

Applicant's Exhibits 45 and 46 both relate to Applicant's financial qualifications for WNP-4. The former provides, inter alia, an updated estimate of the total cost of WNP-4, and an estimate for future expenditures (including fuel and owner's cost)

for WNP-4. The latter provides, inter alia, a list of participants and the fraction of the output of WNP-4 each participant will receive.

Counsel for the NRC Regulatory Staff has consented to the receipt of these letters into evidence.

Respectfully submitted,

CONNER & KNOTTS
