SUBJECT: REVIEW OF REVISION 6G TO THE LASALLE COUNTY NUCLEAR POWER
STATION'S ANNEX TO THE GENERATING STATIONS EMERGENCY PLAN

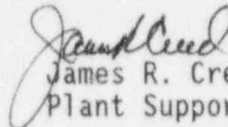

Dear Mr. Querio:

In January 1996, Region III received Revision 6G to Section 5 of the LaSalle County Nuclear Power Station's Annex to the Generating Stations Emergency Plan. We have reviewed Revision 6G and determined that it is acceptable and does not decrease the effectiveness of your emergency planning.

Revision 6G included refined technical bases for the emergency classification criteria associated with abnormal inplant radiation levels.

If you have any questions, please have your staff contact Mr. T. Ploski of my staff at (708) 829-9812.

Sincerely,

James R. Creed, Chief
Plant Support Branch 1
