AUG 4 1984

AUG 24 1984

Attention: Dr. M. E. Remley, Director
Health, Safety and Radiation Services

Gentlemen:

Subject: Inspection of Energy Systems Group

This refers to a routine safety inspection conducted by Mr. B. L. Brock and Mr. P. R. Zurakowski of this office on July 9-12, 1984 of activities authorized by NRC License Number SNM-21 and to the discussion of the findings held with you and members of the staff at the conclusion of the inspection.

Areas examined during this inspection are described in the enclosed inspection report. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspector.

No items of noncompliance with NRC requirements were identified within the scope of this inspection.

In accordance with 10 CFR 2.790(a), a copy of this letter and the enclosure will be placed in the NRC Public Document Room unless you notify this office by telephone, within ten days of the date of this letter and submit written application to withhold information contained therein within thirty days of the date of this letter. Such application must be consistent with the requirements of 2.790(b)(1).

Should you have any questions concerning this inspection, we will be glad to discuss them with you.

Sincerely,

Original signed

F. A. Wenslawski, Chief
Radiological Safety Branch
