Docket No. 40-4492

MEMORANDUM FOR: David Meyer
Regulatory Publications Branch
Office of Administration

FROM: Ramon E. Hall, Director
Uranium Recovery Field Office

SUBJECT: NOTICE OF INTENT TO AMEND LICENSE

Please submit the enclosed Notice of Intent to Amend Source Material License SUA-667 to the Federal Register for publication. This Notice is a requirement of the Memorandum of Understanding between Environmental Protection Agency and the NRC which was published in the Federal Register on October 25, 1991 (56 FR 55434). The amendment will incorporate the proposed schedule for reclamation of American Nuclear Corporation's Gas Hills Mill in Fremont County, Wyoming.

Please contact Dana C. Ward of my staff (FTS 303-231-5800) when you know the publication date, or if you have any questions.

A handwritten signature in dark ink, appearing to read "Ramon E. Hall", written over a horizontal line.
