Gentlemen:

We have received your letter dated May 15, 1992, which transmitted changes to the Fort Calhoun Radiological Emergency Response Plan. The plan revision was submitted pursuant to 10 CFR 50.54(q) and involved changes to the emergency response training program as described in Section 0 of the plan in order to make it consistent with a new Nuclear Administrative Instruction.

We have reviewed the changes and determined that they are acceptable and do not decrease the effectiveness of your emergency planning for the Fort Calhoun Station.

Should you have any questions concerning this letter, please contact Dr. D. Blain Spitzberg of my staff at (817) 860-8191.

Sincerely,

A. Bill Peach, Director
Division of Reactor Projects
