Re: Philadelphia Electric Company (Limerick Generating Station Units 1 & 2) Docket Nos. 50-352/353-0L

Dear Mr Anthony:

This will acknowledge receipt of the following pleadings in the above-captioned proceeding:

PETITION TO THE COMMISSION FOR AN IMMEDIATE DECISION ON ANTHONY/FOE APPEAL ALAB-778 (September 1, 1984),

MOTION TO SET ASIDE "PARTIAL INITIAL DECISION" ON ANTHONY/FOE CONTENTIONS V-3a and V-3b, AND MOTION TO REOPEN RECORD AND SCHEDULE DISCOVERY BASED ON BRD.NT. (sic) (September 1, 1984).

Please be advised that the Certificates of Service executed at the ends of these filings were not in proper form, in that service was not specifically indicated for each party to the proceeding (10 CFR §§2.701(b) and 2.712(e)). As I have advised you on at least two previous occasions, a "cc:" notation to "others on Serv. List" does not fulfill the service requirement of the Commission's regulations. In addition, you have also been informed that all pleadings filed with the Office of the Secretary must be in the form of a signed original and two conformed copies (10 CFR §2.708(d)). Neither of these filings meets these requirements.

Your continued refusal to comply with the Commission's requirements for filings in licensing proceedings will leave me with no choice but to refuse to docket any future filing which does not conform with these regulations (10 CFR §2.709). I sincerely hope such action will not become necessary. I look forward to your cooperation in this matter.

Sincerely

Handwritten signature of William L. Clements
