Gentlemen:

I am responding to your February 3, 1992, letter seeking a decision as to whether your actions to terminate License 21-12535-01 will permit you to avoid the FY 1992 materials annual fee.

The language in the FY 1991 rulemaking indicated that if you had a license on October 1, 1991, you would be subject to the FY 1992 fee. However, we are in the process of developing the FY 1992 annual fee rule and a decision has not been made as to whether the 1991 provision will be modified. The proposed FY 1992 rule will be published in the **Federal Register** for a 30-day comment period in the near future.

I am sorry I am not able to provide you a definitive answer to your question at this time, but to attempt to do so before the FY 1992 rulemaking is promulgated would be premature.

Sincerely,

A handwritten signature in cursive script, appearing to read "Lee Hiller".
