Dear Mr. Eliason:

SUBJECT: EXAMINATION REPORT NO. 50-282/OL-92-01(DRS)

On the week of May 4, 1992, the NRC administered examinations to employees of your organization who had applied for licenses to operate your Prairie Island Nuclear Generating Plant. The training department did a good job of preparing the candidates for the examinations as evidenced by the relatively high pass rate achieved. All of the candidates passed the operating examination and only one candidate failed the written examination. At the conclusion of the examination, the examination questions and preliminary findings were discussed with those members of your staff identified in the enclosed report.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter and the enclosures will be placed in the NRC Public Document Room.

Should you have any questions concerning this examination, please contact us.

Sincerely,

ORIGINAL SIGNED BY GEOFFREY C. WRIGHT
