PRELIMINARY NOTIFICATION OF EVENT OR UNUSUAL OCCURRENCE -- PNO-IV-92-26A

This preliminary notification constitutes EARLY notice of events of POSSIBLE safety or public interest significance. The information is as initially received without verification or evaluation, and is basically all that is known by the Region IV staff on this date.

FACILITY: River Bend Station  
Gulf States Utilities  
Docket: 50-458

Licensee Emergency Classification:  
 Notification of Unusual Event  
 Alert  
 Site Area Emergency  
 General Emergency  
 Not Applicable

SUBJECT: POTENTIAL TRANSPORT OF RADIOACTIVE MATERIAL OFFSITE - UPDATE

On June 3, 1992, Gulf States Utilities dispatched radiation protection technicians to the locations where equipment from the service water flush was stored. Radiation surveys and samples detected no radioactive material, indicating that no radioactive material was transported offsite.

Region IV resident inspectors are onsite and reviewing the licensee's evaluation of the event.

The licensee has not issued a press release.

The state of Louisiana has been informed.

NRCRV	RVPN	Region V

\* Note change from 4/92 Draft #3 list. This list is for general use only when sending PNs from IBM 5520 to LANs and other IBM 5520s; it does not include non-NRC sites such as INPO, or your internal office routing and courtesy copies (which should be sent electronically), or Offices receiving facsimiles.

5/92 NOTE: We will be adding destination changes for Offices now on LAN (formerly IBM 5520) to reflect the SoftSwitch E-Mail capability; note use of NRCMHS node name and LAN USERID local address.

REGIONS: DOT (transportation only) PNs should be mailed or fax'd to:  
 Mail Stop DHM-23 / Hazardous Material Technology  
 U.S. Department of Transportation  
 Washington, DC 20590  
 fax# 202-366-3753 (verification# 202-366-4545)
