"Approved individual" means an individual whom the licensee has determined to be trustworthy and reliable for unescorted access in accordance with 22.8 through 22.14section B of this part and who has completed the training required by 22.16.3.

22.4 Communications.

Except where otherwise specified, all communications, reports, and notifications concerning or required by the regulations in this Part shall be sent via email to CDPHE_hmradmat@state.co.us. Hardcopy documents should be mailed to Radiation Program - HMWMD, Colorado Department of Public Health and Environment, 4300 Cherry Creek Drive South, Denver, CO 80246-1530.

22.5 Reserved.

22 6 Specific Exemptions.

The Department may, upon application of any interested person or upon its own initiative, grant such exemptions from the requirements of the regulations in this Part as it determines are authorized by law and will not endanger life or property or the common defense and securityphysical protection of material, and are otherwise in the public interest.

22.6.2 A licensee that possesses radioactive waste that contains category 1 or category 2 quantities of radioactive material is exempt from the requirements of 22.8 through 22.29sections B, C and D of this part. Except that any radioactive waste that contains discrete sources, ion-exchange resins, or activated material that weighs less than 2,000 kg (4,409 lbs) is not exempt from the requirements of this Part. The licensee shall implement the following requirements to secure the radioactive waste:

Commented [JSJ6]: For consistency with other recent rule revisions, the following standard language is added

Commented [JSJ7]: This provision is added for consistency with the Colorado Administrative Procedure Act (24-4-103(12.5)(a)(2), CRS).

[NON-RATS ITEM]

Commented [JSJ8]:

As the department is continuing to move towards less paper documents, this provision updated to include an email address where documents may be sent.

Commented [JSJ9]: Language revised as Colorado may not have the authority specified in the original language.

76 77		A.	Use continuous physical barriers that allow access to the radioactive waste only through established access control points;
78		B.	Use a locked door or gate with monitored alarm at the access control point;
79 80		C.	Assess and respond to each actual or attempted unauthorized access to determine whether an actual or attempted theft, sabotage, or diversion occurred; and
81 82 83 84		D.	Immediately notify the LLEA and request an armed response from the LLEA upon determination that there was an actual or attempted theft, sabotage, or diversion of the radioactive waste that contains category 1 or category 2 quantities of radioactive material.

152

153

154

155

B.

inform the individual that:

114 115 116		A.	Reviewing officials are the only individuals who may make trustworthiness and reliabilit determinations that allow individuals to have unescorted access to category 1 or categor 2 quantities of radioactive materials possessed by the licensee.	
117		B.	Each licensee shall name one or more individuals to be reviewing officials. After	
118			completing the background investigation on the reviewing official, the licensee shall	
119			provide under oath or affirmation, a certification that the reviewing official is deemed	
120			trustworthy and reliable by the licensee. Provide oath or affirmation certifications to	
121			the Department. The fingerprints of the named reviewing official must be taken by a la	w
122			enforcement agency, Federal or State agencies that provide fingerprinting services to the	he
123			public, or commercial fingerprinting services authorized by a State to take fingerprints.	
124			The licensee shall re-certify that the reviewing official is deemed trustworthy and reliable	е
125			every 10 years in accordance with 22.10.3.	
126 127 128			 The oath or affirmation certifications required by 22.9.2.B shall be provide to the Department within 30 days of naming a new or additional individua as a reviewing official. 	
129			2. The licensee shall notify the Department in writing within 30 days of	
130			revoking a reviewing official certification.	
131		C.	Reviewing officials must be permitted to have unescorted access to category 1 or	
132		C.	category 2 quantities of radioactive materials or access to safeguards information or	
133			safeguards information-modified handling, if the licensee possesses safeguards	
134			information or safeguards information modified handling.	
135		D.	Reviewing officials cannot approve other individuals to act as reviewing officials.	
136 137		E.	A reviewing official does not need to undergo a new background investigation before being named by the licensee as the reviewing official if:	
138			The individual has undergone a background investigation that included	
139			fingerprinting and an FBI criminal history records check and has been	
140			determined to be trustworthy and reliable by the licensee; or	
141			2. The individual is subject to a category listed in 22.12.1.	
142	22.9.3	Inform	ed consent.	
143		A.	Licensees may not initiate a background investigation without the informed and signed	
144			consent of the subject individual. This consent must include authorization to share	
145			personal information with other individuals or organizations as necessary to complete the	he
146			background investigation. Before a final adverse determination, the licensee shall provi	
147			the individual with an opportunity to correct any inaccurate or incomplete information th	at
148			is developed during the background investigation. Licensees do not need to obtain	
149			signed consent from those individuals that meet the requirements of 22.10.2. A signed	
150			consent must be obtained prior to any reinvestigation.	

The subject individual may withdraw his or her consent at any time. Licensees shall

the individual withdrew his or her consent; and

If an individual withdraws his or her consent, the licensee may not initiate any

elements of the background investigation that were not in progress at the time

Commented [JSJ10]:

This provision is updated to add clarifying language regarding submission of documentation, consistent with the intent of the 2018 amendments to 10 CFR 37.23(b)(2).

Although the proposed language is new to Part 22, the requirement for submission of the reviewing official documentation and notification to the department has been in effect for a number of years through existing licensing activities.

NRC Compatibility B NRC <u>RATS 2018-3</u>

- 156 2. The withdrawal of consent for the background investigation is sufficient cause for denial or termination of unescorted access authorization.
- 158 22.9.4 Personal history disclosure.
 - A. Any individual who is applying for unescorted access authorization shall disclose the personal history information that is required by the licensee's access authorization program for the reviewing official to make a determination of the individual's trustworthiness and reliability. Refusal to provide, or the falsification of, any personal history information required by section B of this Part is sufficient cause for denial or termination of unescorted access.
- 165 22.9.5 Determination basis.

- A. The reviewing official shall determine whether to permit, deny, unfavorably terminate, maintain, or administratively withdraw an individual's unescorted access authorization based on an evaluation of all of the information collected to meet the requirements of section B of this Part.
- B. The reviewing official may not permit any individual to have unescorted access until the reviewing official has evaluated all of the information collected to meet the requirements of section B of this Part and determined that the individual is trustworthy and reliable. The reviewing official may deny unescorted access to any individual based on information obtained at any time during the background investigation.

* * *

22.9.6 Procedures.

- A. Licensees shall develop, implement, and maintain written procedures for implementing the access authorization program. The procedures must include provisions for the notification of individuals who are denied unescorted access. The procedures must include provisions for the review, at the request of the affected individual, of a denial or termination of unescorted access authorization. The procedures must contain a provision to ensure that the individual is informed of the grounds for the denial or termination of unescorted access authorization and allow the individual an opportunity to provide additional relevant information.
- 22.9.7 Right to correct and complete information.
 - A. Prior to any final adverse determination, licensees shall provide each individual subject to section B of this Part22.8 through 22.14 with the right to complete, correct, and explain information obtained as a result of the licensee's background investigation. Confirmation of receipt by the individual of this notification must be maintained by the licensee for a period of 1 year from the date of the notification.
 - B. If, after reviewing his or her criminal history record, an individual believes that it is incorrect or incomplete in any respect and wishes to change, correct, update, or explain anything in the record, the individual may initiate challenge procedures. These procedures include direct application by the individual challenging the record to the law enforcement agency that contributed the questioned information or a direct challenge as to the accuracy or completeness of any entry on the criminal history record to the Federal Bureau of Investigation, Criminal Justice Information Services (CJIS) Division, ATTN: SCU, Mod. D–2, 1000 Custer Hollow Road, Clarksburg, WV 26306 as set forth in 28 CFR Part 16.30 through 16.34. In the latter case, the Federal Bureau of Investigation (FBI) will

forward the challenge to the agency that submitted the data, and will request that the agency verify or correct the challenged entry. Upon receipt of an official communication directly from the agency that contributed the original information, the FBI Identification Division makes any changes necessary in accordance with the information supplied by that agency. Licensees must provide at least 10 days for an individual to initiate action to challenge the results of an FBI criminal history records check after the record being made available for his or her review. The licensee may make a final adverse determination based upon the criminal history records only after receipt of the FBI's confirmation or correction of the record.

* * *

22.10 Background Investigations.

22.10.1 Initial investigation.

A. Before allowing an individual unescorted access to category 1 or category 2 quantities of radioactive material or to the devices that contain the material, licensees shall complete a background investigation of the individual seeking unescorted access authorization. The scope of the investigation must encompass at least the 7 years preceding the date of the background investigation or since the individual's eighteenth birthday, whichever is shorter. The background investigation must include at a minimum:

- Fingerprinting and an FBI identification and criminal history records check in accordance with 22.11:
- Verification of true identity. Licensees shall verify the true identity of the individual who is applying for unescorted access authorization to ensure that the applicant is who he or she claims to be. A licensee shall review official identification documents (e.g., driver's license; passport; government identification; certificate of birth issued by the state, province, or country of birth) and compare the documents to personal information data provided by the individual to identify any discrepancy in the information. Licensees shall document the type, expiration, and identification number of the identification document, or maintain a photocopy of identifying documents on file in accordance with 22.13. Licensees shall certify in writing that the identification was properly reviewed, and shall maintain the certification and all related documents for review upon inspection;
- Employment history verification. Licensees shall complete an employment history verification, including military history. Licensees shall verify the individual's employment with each previous employer for the most recent 7 years before the date of application;
- 4. Verification of education. Licensees shall verify that the individual participated in the education process during the claimed period;
- 5. Character and reputation determination. Licensees shall complete reference checks to determine the character and reputation of the individual who has applied for unescorted access authorization. Unless other references are not available, reference checks may not be conducted with any person who is known to be a close member of the individual's family, including but not limited to the individual's spouse, parents, siblings, or children, or any individual who resides in the individual's permanent household. Reference checks under section B of this Part must be limited to whether the individual has been and continues to be trustworthy and reliable;

Commented [JSJ11]:

Section 22.10.1 is modified for formatting to remove unneeded spaces.

Note that these changes are not shown by strikeout or other indicators.

- The licensee shall also, to the extent possible, obtain independent information to corroborate that provided by the individual (e.g., seek references not supplied by the individual); and
- 7. If a previous employer, educational institution, or any other entity with which the individual claims to have been engaged fails to provide information or indicates an inability or unwillingness to provide information within a time frame deemed appropriate by the licensee but at least after 10 business days of the request or if the licensee is unable to reach the entity, the licensee shall document the refusal, unwillingness, or inability in the record of investigation; and attempt to obtain the information from an alternate source.

22.10.2 Grandfathering.

- A. Individuals who have been determined to be trustworthy and reliable for unescorted access to category 1 or category 2 quantities of radioactive material under the fingerprint Orders or equivalent Agreement State requirements may continue to have unescorted access to category 1 and category 2 quantities of radioactive material without further investigation. These individuals shall be subject to the reinvestigation requirement.
- B. Individuals who have been determined to be trustworthy and reliable under the provisions of 10 CFR Part 73 or the security orders for access to safeguards information, safeguards information-modified handling, or risk-significant material may have unescorted access to category 1 and category 2 quantities of radioactive material without further investigation. The licensee shall document that the individual was determined to be trustworthy and reliable under the provisions of 10 CFR Part 73 or a security order. Security order, in this context, refers to any order that was issued by the NRC that required fingerprints and an FBI criminal history records check for access to safeguards information, safeguards information-modified handling, or risk significant material such as special nuclear material or large quantities of uranium hexafluoride. These individuals shall be subject to the reinvestigation requirement.
- 22.10.3 Reinvestigations.
 - A. Licensees shall conduct a reinvestigation every 10 years for any individual with unescorted access to category 1 or category 2 quantities of radioactive material. The reinvestigation shall consist of fingerprinting and an FBI identification and criminal history records check in accordance with 22.11. The reinvestigations must be completed within 10 years of the date on which these elements were last completed.
- 22.11 Requirements for Criminal History Records Checks of Individuals Granted Unescorted Access to Category 1 or Category 2 Quantities of Radioactive Material.
- 281 22.11.1 General performance objective and requirements.
 - A. Except for those individuals listed in 22.12 and those individuals grandfathered under 22.10.2., each licensee subject to the provisions of section B of this Part shall fingerprint each individual who is to be permitted unescorted access to category 1 or category 2 quantities of radioactive material. Licensees shall transmit all collected fingerprints to the U.S. Nuclear Regulatory Commission for transmission to the FBI. The licensee shall use the information received from the FBI as part of the required background investigation to determine whether to grant or deny further unescorted access to category 1 or category 2 quantities of radioactive materials for that individual.

290 *

Commented [JSJ12]:

This section (22.10.2) modified for formatting to remove unneeded spaces.

D. Fingerprints do not need to be taken if an individual who is an employee of a licensee, contractor, manufacturer, or supplier has been granted unescorted access to category 1 or category 2 quantities of radioactive material, access to safeguards information, or safeguards information-modified handling by another licensee, based upon a background investigation conducted under section B of this Part, the Fingerprint Orders, or 10 CFR Part 73. An existing criminal history records check file may be transferred to the licensee asked to grant unescorted access in accordance with the provisions of 22.13.3.

B. Licensees may not use information received from a criminal history records check obtained under section B of this Part in a manner that would infringe upon the rights of any individual under the First Amendment to the Constitution of the United States, nor shall licensees use the information in any way that would discriminate among individuals on the basis of race, religion, national origin, gender, or age.

22.11.3 Procedures for processing of fingerprint checks.

For the purpose of complying with this Part, licensees shall submit to the U.S. Nuclear Regulatory Commission, Director, Division of Facilities and Security, 11545 Rockville Pike, Rockville, MD 20852-2738, ATTN: Criminal History Program, Mail Stop TWB-05 B32M, one completed, legible standard fingerprint card (Form FD-258, ORIMDNRCOOOZ), electronic fingerprint scan or, where practicable, other fingerprint record for each individual requiring unescorted access to category 1 or category 2 quantities of radioactive material. Copies of these forms may be obtained by writing the Office of the Chief Information Officer, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, by calling 1-630-829-9565, or by email to FORMS.Resource@nrc.gov. Guidance on submitting electronic fingerprints can be found at http://www.nrc.gov/site-help/e-submittals.html.For the purposes of complying with this section B. licensees shall use an appropriate method listed in 10 CFR Part 37.7 to submit to the U.S. Nuclear Regulatory Commission, Director, Division of Physical and Cyber Security Policy, 11545 Rockville Pike, ATTN: Criminal History Program/Mail Stop T-8B20, Rockville MD 20852, one completed, legible standard fingerprint card (Form FD-258, ORIMDNRCOOOZ), electronic fingerprint scan or, where practicable, other fingerprint record for each individual requiring unescorted access to category 1 or category 2 quantities of radioactive material. Copies of these forms may be obtained by emailing MAILSVS.Resource@nrc.gov. Guidance on submitting fingerprints can be found at https://www.nrc.gov/security/chp.html.

B. Fees for the processing of fingerprint checks are due upon application. Licensees shall submit payment with the application for the processing of fingerprints through corporate check, certified check, cashier's check, money order, or electronic payment, made payable to "U.S. NRC." (For guidance on making electronic payments, contact the Security Branch, Division of Facilities and Security at 301-492-3531.) (For guidance on making electronic payments, contact the Division of Physical and Cyber Security Policy by e-mailing Crimhist.Resource@nrc.gov.) Combined payment for multiple applications is acceptable. The U.S. Nuclear Regulatory Commission publishes the amount of the fingerprint check application fee on the NRC's public Web site. (To find the current fee amount, go to the Electronic Submittals page at http://www.nrc.gov/site-help/e-submittals.html and see the link for the Criminal History Program under Electronic Submission-Systems.)(To find the current fee amount, go to the Licensee Criminal History Records Checks & Firearms Background Check information page at

- A. Each licensee identified in 22.15.1. shall develop a written security plan specific to its facilities and operations. The purpose of the security plan is to establish the licensee's overall security strategy to ensure the integrated and effective functioning of the security program required by section C of this Part. The security plan must, at a minimum:
 - Describe the measures and strategies used to implement the requirements of section C of this Part; and
 - Identify the security resources, equipment, and technology used to satisfy the requirements of section C of this Part.
- B. The security plan must be reviewed and approved by the individual with overall responsibility for the security program.
- C. A licensee shall revise its security plan as necessary to ensure the effective implementation of Department requirements. The licensee shall ensure that:
 - The revision has been reviewed and approved by the individual with overall responsibility for the security program; and
 - The affected individuals are instructed on the revised plan before the changes are implemented.
- D. The licensee shall retain a copy of the current security plan as a record for 3 years after the security plan is no longer required. If any portion of the plan is superseded, the licensee shall retain the superseded material for 3 years after the record is superseded.
- 481 22.16.2 Implementing procedures.
 - A. The licensee shall develop and maintain written procedures that document how the requirements of section C of this Part and the security plan will be met.

22.16.4 Protection of information.

- A. Licensees authorized to possess category 1 or category 2 quantities of radioactive material shall limit access to and unauthorized disclosure of their security plan, implementing procedures, and the list of individuals that have been approved for unescorted access.
- B. Efforts to limit access shall include the development, implementation, and maintenance of written policies and procedures for controlling access to, and for proper handling and protection against unauthorized disclosure of, the security plan and-implementing procedures, and the list of individuals that have been approved for unescorted access.
- C. Before granting an individual access to the security plan, er-implementing procedures, or the list of individuals that have been approved for unescorted access, licensees shall:

Commented [JSJ18]:

New (repeated) language is added to several provisions in 22.16.4 for consistency with the 2018 amendments to 10 CFR Part 37.43.

The amended language provides clarification that the list of approved individuals must be maintained in a secure manner similar to other security related documents and information.

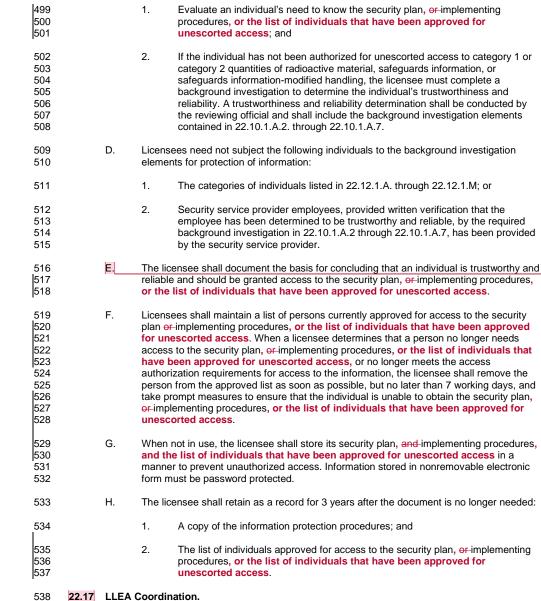

Licensees will be required to make minor changes to their security plan and/or procedures as a result of this change.

22.25 Applicability of Physical Protection of Category 1 and Category 2 Quantities of Radioactive Material During Transit.

- 22.25.1 For shipments of category 1 quantities of radioactive material, each shipping licensee shall comply with the requirements for physical protection contained in 22.26.1. and 22.26.5.; 22.27; 22.28.1.A., 22.28.2.A. and 22.28.3.; and 22.29.1., 22.29.3., 22.29.5., 22.29.7., and 22.29.8.
- 22.25.2 For shipments of category 2 quantities of radioactive material, each shipping licensee shall comply with the requirements for physical protection contained in 22.26.2. through 22.26.5.; 22.28.1.B., 22.28.1.C., 22.28.2.B., and 22.28.3.; and 22.29.2., 22.29.4., 22.29.6., 22.29.7., and 22.29.8. For those shipments of category 2 quantities of radioactive material that meet the criteria of Part 17, Section 17.11, the shipping licensee shall also comply with the advance notification provisions of Part 17, Section 17.11.
 - 22.25.3 The shipping licensee shall be responsible for meeting the requirements of **section D of this part22.24** through 22.29 unless the receiving licensee has agreed in writing to arrange for the in-transit physical protection required under **section D of this part22.24** through 22.29.

* '

22.27 Advance Notification of Shipment of Category 1 Quantities of Radioactive Material.

As specified in 22.27.1.A. and 22.27.1.B., each licensee shall provide advance notification to the NRC, Department and the governor of a State, or the governor's designee, of the shipment of licensed material in a category 1 quantity, through or across the boundary of the State, before the transport, or delivery to a carrier for transport of the licensed material outside the confines of the licensee's facility or other place of use or storage.

A. Procedures for submitting advance notification.

- The notification must be made to the Department, the NRC and to the office of each appropriate governor or governor's designee. The contact information, including telephone and mailing addresses, of governors and governors' designees, is available on the NRC's Web site at https://scp.nrc.gov/special/designee.pdf. A list of the contact information is also available upon request from the Director, Division of Material Safety, State, Tribal, and RulemakingMaterials Safety, Security, State, and Tribal Programs, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001. The notification to the Department must be made by email to the address specified in 22.4. Notifications to the NRC must be to the NRC's Director, Office of Nuclear Security and Incident Response, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001. The notification to the NRC may be made by email to RAMQC_SHIPMENTS@nrc.gov or by fax to 301-816-5151.
- A notification delivered by mail must be postmarked at least 7 days before transport of the shipment commences at the shipping facility.
- 3. A notification delivered by any means other than mail must reach NRC and the Department at least 4 days before the transport of the shipment commences and must reach the office of the governor or the governor's designee at least 4 days before transport of a shipment within or through the State.

Commented [JSJ22]:

Notification to NRC is added in this section, based on comments provided to Colorado in correspondence dated March 8, 2018 to address Part 22 comments regarding NRC RATS 2015-5.

NRC Compatibility B

Commented [JSJ23]:

Due to a change in reorganization at NRC, the Division title is modified in 22.27.1.A, consistent with the 2018 changes to 10 CFR 37.77(a)(1) in NRC RATS 2018-3 and to address comments in NRC correspondence dated March 8, 2018 regarding NRC RATS 2015-5.

The amended language also incorporates clarifying information for electronic and paper submissions to the department and NRC.

NRC Compatibility B.

622 623		B.	of shipr	ation to be furnished in advance notification of shipment. Each advance notification ment of category 1 quantities of radioactive material must contain the following
