SUBJECT: MIDDLESEX HEALTH, AMENDMENT NOT NEEDED, MAIL CONTROL NO.
617937

Dear Mr. Giuffrida:

This is in reference to your letter dated January 9, 2020, requesting the use of Ga-68 for imaging and localization studies permitted by 10 CFR 35.200. After a telephone discussion with Jason Marsden, your Radiation Safety Officer, on March 11, 2020, it is our understanding that you will be obtaining unit dosages of Ga-68 from a licensed radiopharmacy. An amendment is only required if you would be receiving a Ge-68/Ga-68 generator, which is regulated under 10 CFR 35.1000. Unit dosages of Ga-68 are regulated by 10 CFR 35.200, which you are already licensed for. Therefore, an amendment is not required.

Thank you for your cooperation.

Sincerely,

Janice Nguyen, Senior Health Physicist
