Chattanooga, Tennessee 37402-2801

Dear Dr. Medford:

SUBJECT: BRIGADE PRACTICE SESSIONS - BROWNS FERRY NUCLEAR PLANT UNITS
AND 3; SEQUOYAH NUCLEAR PLANT UNITS 1 AND 2; BELLEFONTE
NUCLEAR PLANT, UNITS 1 AND 2 (TAC NOS. M82307, M82308, M82309,
M82310, M82311, M82312, AND M82313)

By letter dated December 11, 1991, the Tennessee Valley Authority (TVA) requested a change to the periodicity in which the annual fire brigade practice sessions are conducted at the Browns Ferry Nuclear Plant, the Sequoyah Nuclear Plant, and the Bellefonte Nuclear Plant. Branch Technical Position 9.5-1 specifies that fire brigade practice sessions be provided at least once per year for each fire brigade member. TVA's request would revise this requirement to indicate that the practice sessions would be provided annually, but not to exceed the calendar quarter in which the training is due.

As detailed in the enclosed safety evaluation, the staff has reviewed the request and concluded that the change is acceptable. This action closes the TAC numbers listed above.

Sincerely,

Original signed by
Frederick J. Hebdon, Director
Project Directorate II-4
Division of Reactor Projects - I/II
Office of Nuclear Reactor Regulation
