

September 5, 1984

Docket Nos. 50-325/324

Mr. E. E. Utley
Executive Vice President
Carolina Power & Light Company
Post Office Box 1551
Raleigh, North Carolina 27602

Dear Mr. Utley:

SUBJECT: REQUESTS FOR RELIEF FROM INSERVICE TESTING REQUIREMENTS

Re: Brunswick Steam Electric Plant, Units 1 and 2

We have completed our review of your requests for relief from inservice testing of pumps and valves dated October 12, 1983 as supplemented March 29, 1984. The staff determined that certain of the relief requests should be granted, as indicated in the enclosed Safety Evaluation, others conditionally granted and still others denied. Our enclosed Safety Evaluation provides the details of our review.

Pursuant to 10 CFR 51.32, the Commission has determined that the granting of this relief will have no significant impact on the environment (49 FR 34432).

Sincerely,

Original signed by RAHermann for/

Domenic B. Vassallo, Chief
