

APPENDIX A

NOTICE OF VIOLATION

Omaha Public Power District
Fort Calhoun Station
Blair, Nebraska

Docket: 50-285
License: DPR-40

During an NRC inspection conducted on April 26 through June 6, 1992, a violation of NRC requirements was identified. In accordance with the "General Statement of Policy and Procedure for NRC Enforcement Actions," 10 CFR Part 2, Appendix C, the violation is listed below:

10 CFR Part 50, Appendix B, Criterion XVI, and the Fort Calhoun Quality Assurance Plan, Revision 3, Section 10.4, paragraph 4.2.5, require, in part, that corrective actions associated with significant conditions adverse to quality shall preclude repetition.

Contrary to the above, the licensee's corrective action to preclude personnel from walking on critical quality element piping failed to prevent recurrence, when, on May 12, 1992, a member of the licensee's craft personnel was identified stepping on the boric acid storage tank piping while insulating piping in that area.

This is a Severity Level IV violation. (Supplement 1) (285/9211-01)

Pursuant to the provisions of 10 CFR Part 2.201, the Omaha Public Power District is hereby required to submit a written statement or explanation to the U.S. Nuclear Regulatory Commission, ATTN: Document Control Desk, Washington, D.C. 20555 with a copy to the Regional Administrator, Region IV, and if applicable, a copy to the NRC Resident Inspector, within 30 days of the date of the letter transmitting this Notice of Violation (Notice). This reply should be clearly marked as a "Reply to a Notice of Violation" and should include for each violation: (1) the reason for the violation, or, if contested, the basis for disputing the violation, (2) the corrective steps that have been taken and the results achieved, (3) the corrective steps that will be taken to avoid further violations, and (4) the date when full compliance will be achieved. If an adequate reply is not received within the time specified in this Notice, an order may be issued to show cause why the license should not be modified, suspended, or revoked, or why such other action as may be proper should not be taken. Where good cause is shown, consideration will be given to extending the response time.

Dated at Arlington, Texas,
this *22nd* day of *June* 1992
