Superintendent

Mr. Wright
U. S. Nuclear Regulatory Commission, Region II
Suite 2900
101 Marietta Street, N.W.
Atlanta, GA 30323

Dear Mr. Wright:

In the past, our radiation detection instrument has been calibrated by another agency, the Office of Emergency Services (OES), License # 47-08515-02. We have been advised that OES can no longer provide this service for us. They are out of business.

According to our license, we are required to have this instrument calibrated every six months; its calibration is due. I have contacted another vendor that is willing and able to calibrate our instrument:

Ludlum Measurements, Inc.
P. O. Box 810
501 Oak Street
Sweetwater, TX 79556
Ph: 1-800-622-0828
License #: LO1963

I am writing for permission to use this vendor in place of OES, as our license requires. I can be contacted at the following location:

West Virginia State Police Crime Laboratory
725 Jefferson Road
South Charleston, WV 25309-1698
Ph: 304-746-2273
Fax: 304-746-2230
License #: 47-25174-01

Sincerely,

T. A. Smith
Radiation Safety Officer
