

ENCLOSURE 2

NOTICE OF DEVIATION

Duke Power Company
Catawba 1

Docket No. 50-413.
License No. CPPR-116

The following deviation was identified during an inspection conducted on April 10 - 12, 1984.

Catawba Nuclear Station Final Safety Analysis Report Section 13.2.2.2.2(k) states, in part, that the Cold Certification Observation Check List provides structured guidance for required observation tasks.

Cold License Certification Program description, Duke Power File No. GS-943/OPS-NRC, presented to and accepted by the NRC in October 1977, states, in part, that the Cold Certification Observation task date shall be the date the task is signed off as being observed.

Contrary to the above, in two instances, the Cold Certification Observation Check Lists were incorrectly documented as completed.

Please provide, in writing within 30 days of the date of this Notice, a description of corrective actions regarding this deviation, actions taken to avoid further deviations, and the dates when these actions were or will be completed.

Security or safeguards information should be submitted as an enclosure to facilitate withholding it from public disclosure as required by 10 CFR 2.790(d) or 10 CFR 73.21.

Date: May 29, 1984
