Little Rock, Arkansas 72203

Gentlemen:

This refers to the inspection conducted by Mr. H. D. Chaney of this office during the period June 18-29, 1984, of activities authorized by NRC Operating Licenses DRP-51 and NPF-6 for Arkansas Nuclear One, Units 1 and 2, and to the discussion of our findings with Mr. J. M. Levine, Mr. B. A. Barker, and other members of your staff at the conclusion of the inspection.

Areas examined during the inspection included radioactive waste management, radioactive material transportation, and nonlicensed personnel training programs. Within these areas, the inspection consisted of selective examination of procedures and representative records, interviews with personnel, and observations by the inspector. These findings are documented in the enclosed inspection report.

Within the scope of the inspection, no violations or deviations were identified.

We have also examined actions you have taken with regard to previously identified inspection findings. The status of these items is identified in paragraph 2 of the enclosed report.

In accordance with 10 CFR 2.790(a), a copy of this letter and the enclosure will be placed in the NRC Public Document Room unless you notify this office, by telephone, within 10 days of the date of this letter, and submit written application to withhold information contained therein within 30 days of the date of this letter. Such application must be consistent with the requirements of 2.790(b)(1).
