Dallas, Texas 75201

Gentlemen:

This refers to the inspection conducted by Mr. R. Baer of this office on July 2, 3, 5, 6, and 11, 1984, of activities authorized by NRC Construction Permits CPPR-126 and 127 for Comanche Peak Steam Electric Station, Units 1 and 2, and to the discussion of our findings with Mr. R. A. Jones and other members of your staff at the conclusion of the inspection.

Areas examined during the inspection included the radioactive waste program and transportation activities. Within these areas, the inspection consisted of selective examination of procedures and representative records, interviews with personnel, and observations by the inspector. These findings are documented in the enclosed inspection report.

Within the scope of the inspection, no violations or deviations were identified.

We have also examined actions you have taken with regard to previously identified inspection findings. The status of these items is identified in paragraph 2 of the enclosed report.

In accordance with 10 CFR 2.790(a), a copy of this letter and the enclosure will be placed in the NRC Public Document Room unless you notify this office, by telephone, within 10 days of the date of this letter, and submit written application to withhold information contained therein within 30 days of the date of this letter. Such application must be consistent with the requirements of 2.790(b)(1).
