Dear Mr. Crutchfield:

Enclosed is a copy of the final report for the July 13, 1995, Medical Services drill (MS-1) which was conducted at the Good Samaritan Medical Center in Brockton, Massachusetts. This drill was completed as part of the evaluation requirement associated with the overall off-site emergency response activities for the Commonwealth of Massachusetts Radiological Emergency Response Plans for the Pilgrim Nuclear Power Station.

No deficiencies were identified during this drill. However, there were 2 Areas Recommended For Improvement (ARFI) identified.

Should you have any questions concerning this report, please contact Daniel McElhinney of my staff at 617-223-9567.

Sincerely,
