Re: Docket No. 50-220
I.E. Bulletin 83-05

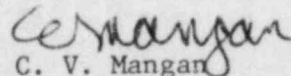

Dear Mr. DeYoung:

Our letter of June 15, 1983, contained the following statement:

In response to I.E. Bulletin 83-05 which pertains to defective pumps and parts manufactured by the Hayward Tyler Pump Company, it was found that no pumps or parts from this manufacturer are in use at Nine Mile Point Unit #1.

This statement is correct in the context of Bulletin 83-05, which was concerned with safety related systems. Nine Mile Point Unit #1 does utilize Hayward Tyler pumps in non-safety related systems.

Very truly yours,

C. V. Mangan
Vice President
