Dear Ms. Fleming:

On September 19, 1995, Mr. Steven Varga of the Office of Nuclear Reactor Regulation (NRR) notified you by letter of the assignment of Mr. Ledyard (Tad) Marsh as your point-of-contact for communications with NRR. To ensure the effective and timely handling of your routine communications with other members of the NRC staff and the Commission, I have also directed Mr. Marsh to serve as the agency's point-of-contact in addressing your concerns. Mr. Marsh will record your concerns and keep me and other members of the agency informed, as appropriate. He will also oversee the staff's response to any safety concerns which you may bring to his attention.

I am committed to afford you, as well as other members of the public, an opportunity to participate in the regulatory process. While the assignment of Mr. Marsh, who is a member of the Senior Executive Service (SES) and a Project Director in NRR, as the focal point for your concerns is not unprecedented, it underscores the agency's sincerity in responding to your concerns. I believe that by directing your communications to Mr. Marsh you will facilitate the agency's efforts to properly address your concerns. Mr. Marsh can be reached at (301) 415-3036.

Sincerely,

Original signed by
