Re: Docket 50-156; License R-74;

Subject: Change in operating organization

The following information is submitted in compliance with
Technical Specification 6.7c(3) and 10 CFR 50.74.

The following change is effective today, September 28, 1995.

Dr. Gerald L. Kulcinski is appointed to the Radiation Safety
Committee vice Prof. George Maxwell, who has retired.

Dr. Kulcinski is a Nuclear Engineer. His Ph.D thesis was on the
subject of radiation damage to materials, and his industrial
experience was centered in the same area. He currently is
concerned with fusion technology area, including fuels and
materials damage in large fusion devices. He teaches courses in
advanced radiation damage in metals and feasibility studies in
power production from controlled thermonuclear fusion, including
materials problems.
