Mr. Edson G. Case, Acting Director
Office of Nuclear Reactor Regulation
U. S. Nuclear Regulatory Commission
Washington D. C. 20555

Subject: AMENDMENT NO. 1 TO WPPSS NUCLEAR
PROJECTS NO. 3 & 5 - LICENSE APPLICATION

Dear Mr. Case:

The Washington Public Power Supply System is filing herewith three (3) signed originals and twenty-five (25) copies of Amendment No. 1 to the WPPSS Nuclear Projects No. 3 and 5 License Application.

The purposes of this amendment to the License Application are: 1) to provide an updated cost estimate for WNP-3, 2) to provide a cost estimate for WNP-5, which was not available at the time that the application was filed in July of 1974, and 3) to correct an error in the scheduled fuel loading date for WNP-5.

N.B. (As pointed out in the application, the Number Three Project will be owned jointly by WPPSS and four investor owned utilities with WPPSS owning 70% of the project and the investor owned utilities sharing in the other 30%. Ownership in the Number Five Project has been offered to other public and private utilities, however, as of this date, none of these offerings have been accepted and the project is continuing under the assumption of 100% WPPSS ownership.)

Instructions for incorporating the revised material in the application have been included with the amendment.

Very truly yours,
J. J. Stein
