Docket No. 50-397

Washington Public Power and Supply System

Attn: Mr. J. J. Stein

Managing Director

301 Fifth Avenue

P. O. Box 963

Richland, Washington 99352

Gentlemen:

In order to continue our review of your financial qualifications concerning your application for a permit to construct the Hanford Number Two Plant, it will be necessary for you to submit the most recent financial statements either for each of the 95 participating utilities or those participating utilities that are required to support the WPPSS financial qualifications. We prefer to have statements for the year ending December 31, 1971, or for a fiscal year ending at a later date. Published annual reports or tabular presentations of the statements may be sent. If the latter method is used, you should also include a copy of the accountant's certification pertaining to each of these statements.

The above data should be filed as an amendment to your application, to be received by this office no later than August 1, 1972. Please submit five copies of each statement or report.

Sincerely,

September

Original signed by:
Roger S. Boyd

Roger S. Boyd, Assistant Director
for Boiling Water Reactors
Directorate of Licensing
