May 18, 1992, G. L. Iverson to R. H. Strome, FEMA, Region I

Subject: Transmittal of Revisions to the New Hampshire Radiological Emergency
Response Plan (NHRERP) and Supporting Documents

Gentlemen:

By letter dated May 18, 1992 [Reference (b)], the New Hampshire Office of
Emergency Management transmitted Revision 5.A of the New Hampshire Radiological
Emergency Response Plan (NHRERP) to the Federal Emergency Management Agency. This
letter transmits Revision 5.A of the NHRERP, Enclosure 1, to the NRC pursuant to the
requirements of 10CFR50.4(b)(5).

The changes contained in this revision, which are denoted by vertical change bars
located in the left hand margin, were generated by the following:

- Relocation of the state transportation staging area from the Rockingham County
Complex to the Pease International Tradeport;
- Revision of the East Kingston Radiological Emergency Response Plan based
on community input;
- Training, drill, and annual plan review comments;

To assist in your review, Enclosure 2 provides a matrix which identifies the changes
and the applicable plan/procedure sections in which they appear. Only those changes that
are substantive in nature appear on these matrices. Minor editorial changes are not
identified.

RE: New Hampshire Radiological Emergency Response Plan Rev. 5.A

Dear Mr. Strome:

The New Hampshire Office of Emergency Management has completed an update of the New Hampshire Radiological Emergency Response Plan. This update includes the following:

- Revision of NHRERP, Volume 7, Section 14, State Transportation Staging Area procedures to account for relocation of the State Transportation Staging Area from the Rockingham County Complex to the Pease International Tradeport.
- Revision of NHRERP, Volume 22, East Kingston Radiological Emergency Response Plan.
- Miscellaneous changes to other sections of the NHRERP resulting from recent training, drill and annual plan review comments.

Because the changes incorporated into this update are relatively limited in scope, the NHRERP, Rev. 5.A, update is transmitted in the form of change pages. The change pages are accompanied by "Change Instructions" which identify the pages to be removed from the NHRERP and the Rev. 5.A replacement pages to be inserted.

The changes made in the NHRERP, Rev. 5.A, update are denoted by vertical revision bars in the left-hand margin. To facilitate your review, a roadmap of the NHRERP, Rev. 5.A changes is provided.

If you have questions or require further information, please do not hesitate to contact me.

Sincerely,

George L. Iverson
Director
