

CHAIRMAN

WASHINGTON, D. C. 20555

April 27, 1984

MEMORANDUM FOR: Commissioner Asselstine
FROM: Nunzio J. Palladino *ngp*
SUBJECT: YOUR COMMENTS ON APRIL 26, 1984
LETTER TO MARKEY

I wonder if you would consider sharing with me the legal analysis which supports your conclusion that the Atomic Energy Act "requires" that the Commission provide copies of the Shoreham transcript and the OGC options paper to Congressman Markey. Additionally, I would be interested in the instances you recall in which Congress has requested and received copies of transcripts of deliberations by and legal advice to adjudicators in on-the-record, pending adjudications.
