Washington, D.C. 20009

Dear Ellyn:

This letter is to follow-up on our meeting last Friday, at which time we both agreed to provide additional information to the other party, as specified in my letter to you dated September 26. Based on discussions with my potential witnesses and from the individual(s) who previously responded to UCS' interrogatories (first set), I can represent the following to you:

Interrogatory 2(a). The CV's in question are available in the discovery reading room at Shaw, Pittman's offices.

Interrogatory 2(c). The potential Licensee witnesses for the training remand have informed me of the following information pertinent to their testimony in previous cases, aside from the TMI-1 restart proceeding:

1. Dr. Uhrig. Dr. Uhrig previously testified in an NRC proceeding in 1973 concerning the Florida Power & Light Company facility, St. Lucie, Unit 1. Dr. Uhrig believes it was the remanded construction permit proceeding on environmental matters.

Dr. Uhrig's testimony concerned the issue of alternatives to nuclear power, and research and development matters.

2. Dr. Gardner. Dr. Gardner testified in an NRC proceeding in March, 1981 on behalf of Duke Power Company concerning the McGuire facility. The issue on which Dr. Gardner testified was the extent to which specific psychological variables were taken into account in the training program.

3. Dr. Christensen. Dr. Christensen also testified in the McGuire proceeding referred to above, on the subject of human factors in relation to training. In addition, Dr. Christensen has testified in numerous products liability cases; however, when he moved offices recently, Dr. Christensen did not keep his records on these cases. Dr. Christensen is double-checking whether this information is available to him. Licensee will provide any additional information it receives from Dr. Christensen upon its receipt.

4. Mr. Kelly. None.
5. Dr. Long. None.
6. Dr. Coe. None.
7. Mr. Newton. None.
8. Mr. Leonard. None.
9. Mr. Ross. None.

Interrogatory 3(e). Licensee's response to UCS Interrogatory 3(e) does include any currently licensed TMI-1 operator who failed a qualification exam since the TMI-2 accident.

Interrogatory 5. The exam cover sheets identify the individual who prepared and the individual who graded the exam.

Interrogatory 13. Licensee has verified that its September 12 response to Interrogatory 13 is complete.

Sincerely,

Deborah B. Bauser
