Elizabeth Reed, Security Specialist  
Office of Nuclear Reactor Regulation  
U.S. Nuclear Regulatory Commission

Ref: Docket 50-288

Reed College requests that the following individuals be approved as Reed's NRC-Approved Reviewing Official for determining trustworthiness and reliability for access to SGI and access to the facility and special nuclear material. They have previously completed fingerprint and background checks. We are requesting a name-based check. I have already provided their date of birth and social security information to Doreen Turner by phone call.
