Mr. Van Der Kamp:

As was discussed with Larry Mocnik, Manager, Emergency Preparedness, during a telephone conversation on April 6, 2020, this e-mail serves to transmit a request for information to support an in-office inspection of recent Emergency Plan/Emergency Action Level changes, associated with several revisions to CNS Procedure EPIP 5.7.1, Emergency Classification, which were transmitted to the NRC by NPPD on March 3, 2020 (ADAMS Accession No. ML20070K637).

The NRC intends to complete an inspection of these procedure changes in accordance with [NRC Inspection Procedure 71114.04, EMERGENCY ACTION LEVEL AND EMERGENCY PLAN CHANGES](#), as an in-office inspection during the 2nd Quarter 2020. In accomplishing this inspection, we determined that additional information was required relative to the changes and processes used by the station in affecting the changes. Details of the requested materials are included in the attachment to this e-mail. As noted in the attached, due to the ongoing Public Health Emergency, if possible, please make the requested materials available to me in electronic format using the online document portal of the station's choice, by **COB on Tuesday, April 14, 2020**. If you are unable to complete the request by this date, please contact me at the phone number listed below to discuss alternative options.

This letter/e-mail does not contain new or amended information collection requirements subject to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.). Existing information collection requirements were approved by the Office of Management and Budget under control number 3150-0011. The NRC may not conduct or sponsor, and a person is not required to respond to, a request for information or an information collection requirement unless the requesting document displays a currently valid Office of Management and Budget control number.

This email and its enclosures will be made available for public inspection and copying at <http://www.nrc.gov/reading-rm/adams.html> and at the NRC Public Document Room in accordance with 10 CFR 2.390, "Public Inspections, Exemptions, Requests for Withholding.
